

頻率副詞、情態助動詞 can 與存在句

英語文・國一下建議進度・english-8・2026-09-24

本站原創主題講義。年級學期為建議順序；各版本對照與完整課綱覆蓋仍須逐點核對。

01 理解與比較

Adverbs of frequency (always, usually, often, sometimes, never) show how often an action happens. They come before action verbs but after be-verbs. The modal verb "can" expresses ability or permission and is followed by a base verb. "There is" and "There are" state existence.

拆開理解，再連起來

1. Adverbs of frequency (always, usually, often, sometimes, never) show how often an action happens. They come before action verbs but after be-verbs. The modal verb "can" expresses ability or permission and is followed by a base verb. "There is" and "There are" state existence. °

基本句型與位置

辨識重點	規則 / 條件	例子 / 檢查方法
可數名詞	單數需適當限定詞；複數注意變化	a book / two books ; child → children
存在句	There is + 單數；There are + 複數	There are two books on the desk.
can	can + 原形動詞；不加第三人稱 s	She can swim.
頻率副詞	一般在 be 後、一般動詞前	He is always kind. / He often reads.
祈使句	以原形動詞開始；否定用 Don' t	Please sit down. / Don' t run.

▼ 先遮住講義：我能解釋「頻率副詞、情態助動詞 can 與存在句」嗎？

先口頭說出核心概念，再展開上表核對。最後完成這項遷移任務：

Write three sentences about your weekly schedule using different frequency adverbs and the correct word order.

能認出答案只是第一步；還要能說明理由、條件，以及何時不能套用。

02 例題與推理

示範：She is always on time. / He often plays baseball after school. / Can you swim? Yes, I can. / There is a cat on the roof, and there are three dogs in the yard.

易錯提醒：Do not put frequency adverbs before be-verbs (say "He is always kind", not "He always is kind"). In There is/are sentences, verb agreement depends on the noun that immediately follows.

再學深一點：觀念到解題

頻率副詞描述事件多常發生，通常在一般動詞前、be 動詞後；never 本身是否定意義，標準句型中不再加 not。can 後接原形動詞，不因主詞第三人稱而加 s。存在句說明某處有什麼，和某人擁有某物的 have 不同。

原創示範題 / 情境任務

整理三句：「Lily / usually / is / early」「she / can / plays / chess」「there / two clubs / are / at school」，並說明順序。

▼ 先想一想，再看分步解析

1. 第一句為 Lily is usually early.，be 動詞 is 在 usually 前；若換一般動詞，可說 Lily usually arrives early.。
2. 第二句為 She can play chess.，can 已是情態助動詞，後面 play 不加 s，也不加 to。
3. 第三句為 There are two clubs at school.，存在句中 two clubs 為複數，因此使用 are。

驗算與適用界線

比較 Lily has two chess sets.：此句在說 Lily 擁有棋具，不能用 There has 代替。若寫 She never plays chess，never 表示從不；與 can play 的能力描述不矛盾，會下棋不代表常下棋。

先說出已知條件與判斷依據，再展開解析核對；實作科目重視過程與合理解釋。

03 遮住答案，自己試一次

Write three sentences about your weekly schedule using different frequency adverbs and the correct word order.

.....

1. David is a vegetarian, so he ___ eats beef or pork.

- A. always
 - B. usually
 - C. never
 - D. sometimes
-
-

2. There ___ a pencil and two erasers on the desk.

- A. is
 - B. are
 - C. be
 - D. am
-
-

04 答案與回想檢核

1. C A vegetarian does not eat meat, so the frequency is zero ("never").

2. A In "There + be" structures, the verb agrees with the immediate subject ("a pencil", which is singular), so "is" is correct.

☐ 我能說明概念適用的條件 ☐ 我能完整解釋推理 ☐ 我能辨識常見錯誤
